

ATF UNIVERSAL

Code: 3350

Date: 10-05-2015

DESCRIPTION

ATF UNIVERSAL is the latest generation in automatic transmission fluid technology and has been developed to cover a wide range of specific vehicle applications. ATF UNIVERSAL is a blend of synthetic and premium highly stable mineral base oils and new generation automatic transmission fluid additive technology to improve transmission durability, shift performance and minimize transmission shudder. It provides excellent oxidization and thermal stability resulting for excellent performance during its service life.

SUMMARY OF BENEFITS

- Anti-shudder durability for smooth shifting performance
- Enhanced wear protection
- Covers a wide range of automatic transmission applications to reduce stockholdings
