

SOLCUT EP FULL SYNTHETIC SOLUBLE CUTTING FLUID

Code: 9025

Date: 10-09-2019

DESCRIPTION

SOLCUT EP FULL SYN is a concentrated, nitrile free, soluble fully synthetic cutting fluid, producing an extremely stable, clear solution. It is a multi-purpose metal working fluid designed for use in a wide variety of machining operations. SOLCUT EP FULL SYN is blended with a unique biocide package that extends sump life by preventing spoilage and odours. SOLCUT EP FULL SYN has high anti-rust properties and leaves no staining on copper. It provides high lubricity for application on all metals. This product does not contain any chlorine, nitrites, phenols or active sulphur.

SUMMARY OF BENEFITS

- Does not emulsify mineral oil contaminants
- Excellent cooling and lubrication
- Premium corrosion protection and high-quality output
- Suitable for both ferrous and non-ferrous metals
- Long life
- Low foaming
- Operator and environment friendly
- Transparency allows close inspection of cutting operation

APPLICATIONS

SOLCUT EP FULL SYN is formulated for machining applications such as cutting, drilling, milling, tapping and threading of high carbon alloy and stainless steels.

RECOMMENDED DILUTION

THE END USE RATIO OF THIS PRODUCT WITH WATER WOULD BE BETWEEN 20:1 AND 33:1

However, the ultimate concentration must also be compatible with the materials used and the machining operation.

- Safety Data Sheet for this product can be obtained by visiting TriTech Lubricants Website www.tritechlubricants.com
- All Packages should be stored under cover to avoid water contamination and fading. Products should not be stored over 60°C
